The Dark Tangent would like to thank:

The DEF CON HQ staff: Cayce, Cot, Darington, Janet, Jeff, Kevin, Mar, Neil, Nikita, Tom and Will.

It takes over 500 of Goons to organize DEF CON. Their hard work and spirit is what make the con possible, and I would like to thank them all, as well as their families that support their efforts year round. Every year some Goons join and some leave. I'd like to call out the following Goons who are retiring after 10 or more years, earning themselves a Gold Badge and free attendance for life!

Br1ck - 11 years (SOC)

DaKahuna - (Speaker Ops, Workshops CFP)

Gattaca - (Speaker Ops)

morph1x - 11 years (SOC)

The Saint - (Quarter Master)

This year I want to recognize our new convention management company, Tag Team, for their invaluable work and insight in moving into the LVCC and navigating all the new and different rules and regulations. Without them the show would have been almost impossible to pull off after the unexpected venue change. Thanks Mo!

Finally I would like to thank everyone who supports DEF CON and the hacking community year round by attending and supporting conferences, researching, submitting talks, running the community services we all use, and creating the incredible experiences that make hacking such a dynamic and thriving international community.

-The Dark Tangent

DEF CON is only possible because of all the hard work from the people who make up departments:
