The background is a solid dark purple. The word "COURAGE" is centered in a large, bold, sans-serif font. Each letter has a different color: 'C' is magenta, 'O' is blue, 'U' is cyan, 'R' is green, 'A' is yellow, 'G' is orange, and 'E' is red. The letters have a slight 3D effect with a dark shadow. The corners of the image are decorated with various geometric shapes: top-left has a pink circle, a dashed yellow circle, a grey polygon, and a blue dotted circle; top-center has a dashed white circle with a yellow downward-pointing triangle; top-right has a light blue triangle, a grey circle, a dashed yellow circle, a pink and white striped circle, and a white pentagon; bottom-left has a light blue pentagon, a pink downward-pointing triangle, a yellow and black striped triangle, and a dashed white circle; bottom-right has a pink circle, a dashed yellow triangle, and a blue dotted circle.
